Saddles & Sawdust Ann Eden, 2017-01-28 This is a true story about the adventures of the author and her family on their cattle ranch and sawmill in the early 1950's. It is compelling because this family left an opulent lifestyle in Vancouver, B.C. where the author's parents were business and social leaders. On the ranch, they adapted to a life with no electricity, no telephones or any city conveniences. They learned that milk came from cows, not the grocery store; that lanterns actually gave light without plugging into the wall; that sometimes it was so cold, gasoline wouldn't burn! The most compelling part of this story was the author's mother, a glamorous lady who soon learned to swing an axe, rope cattle, milk cows, drive a lumber truck and become a sawyer on her husband's sawmill....the 'fancy lady from Vancouver' who looked like a Vogue model and became a legend. The story tells about a traumatic injury to the author's mother, a missing child, an association with a wanted felon, cattle rustlers, marauding wildlife, forest fires, blizzards, and missing parents. Its also a love story (that began in England) between two people who gave their children simple values — to appreciate nature and respect wildlife; to value their ranch animals, especially the horses (who always brought them safely home) and to appreciate the devotion of their dog — a collie/wolf mix — an animal who thwarted danger more than once. Read and enjoy the incredible adventures of this amazing family.

Memoir of a Hockey Nobody Jerry "Teabag" Hack, 2020-04-22 Memoir of a Hockey Nobody is the unlikely true story of an average Canadian kid who grew up playing street hockey. Although he didn't learn how to skate until his late teens, he took a shot at entering the world of professional ice hockey with, shall we say, haphazard results. This is an against all odds tale of one man's journey from Vancouver, to all over Western Canada, California, The Yukon, and Alaska. Seemingly blocked at every turn, from managers who believed that someone who came from such humble beginnings couldn't be any good, to coaches who would rather see big names with bigger reputations. It's a story of tragedy, triumph and determination. A roller coaster ride with hilarious anecdotes of all the characters he met along the way. This is a tale for those who dare to live their dream!

Beauty Ideals, Appearances, and Body Images in Disney's Feature Films Lisa Buchegger, Disney films reflect the current values and beliefs of society and have the power to influence their audiences in the perception of what is beautiful, and whether appearance does or does not matter. This book gives an overview of beauty ideals, body images, and appearances in Disney's feature films. Seven main films are chosen for this analysis to allow for a comparison across time: Snow White and the Seven Dwarves (1937), Cinderella (1950), The Little Mermaid (1989), Beauty and the Beast (1991), Aladdin (1992), The Hunchback of Notre Dame (1996), and Frozen (2013). The survey determines to what extent Disney films make use of the beauty-goodness stereotype - the equation of appearance and personality. The characters are analyzed as to which bodily features they exhibit, and how these features are in tune with dominant beauty discourses during the times the films were made. Furthermore, the narratives are examined to find out how they topics 'beauty' and 'appearance' are rendered within them, demonstrating that earlier films frequently rely on traditional and stereotypical depictions and notions of beauty, whereas more recent productions represent more ambiguity and diversity.

My Tree Hope Lim, 2021-05-04 When a young boy's beloved plum tree falls in a storm, he feels like he's lost both a friend and a connection to his old home. A young boy, recently arrived from Korea, finds a glorious plum tree in his new backyard. It reminds him of a tree his family had back home, and he names it Plumee for the deep purple plums on its branches. Whenever the boy is homesick, he knows he can take shelter in Plumee's tall branches. And when a storm brings the old tree

down, he and his friends have all kinds of adventures on its branches, as it becomes a dragon, a treehouse, and a ship in their imaginations. But soon it's time to say goodbye when the remains of the tree are taken away. Before long, a new plum tree is planted, new blossoms bloom, and a new friendship takes root. A South Korean immigrant herself, Hope Lim brings her perspective on the struggle for child immigrants to feel at home to bear through spare, poetic text, perfectly matched by soft, lyrical illustrations by Korean artist Il Sung Na. A Junior Library Guild Gold Standard Selection
